Dear Mayor and Council,

We respectfully submit for your consideration the Fiscal Year 2014-2015 Operating Budget and Business Plan. This budget is set to improve on our staff salary deficiencies with anticipated limitations in our local economy. This budget continues the effort to practice good management practices, such as to provide the best service at the least cost.

Our sales tax revenues are forecasted to remain approximately the same as the actual funds received from the state during the 13/14 fiscal year. This is a very conservative statement. Depending on the economics combined with the inflation rate, this fund could be underestimated with an increase in sales tax. The City Staff has delayed purchases of equipment and anticipate the approval of the City Council if the adoption of a property tax that is projected to be on the November ballot or sales tax revenue increases in this fiscal year. These items are listed below in another section. As with previous budgets, this budget is dependent upon our sales and use tax revenue and is very dependent upon the economy of the area.

City Staff will continue the evaluation of our finances in the weekly staff meetings held at 9 AM on Wednesday.

In addition to a 2% COLA for all employees, the 2014/2015 budget is adjusting all salaries in accordance with the compensation analysis that was conducted by Waters Consulting Group in Dallas. Historically the city has given a 3% raise or nothing. This has created a deficiency not only in pay but has created an environment that does not reward performance from a merit pay system.

In all future budgets we will continue to anticipate a cost of living adjustment (COLA). The COLA will be in accordance with the

Department of Labor Employee Cost Index for total compensation, for state and local government workers. This document is published in September and June. For our salary budget we use the 12 month ended average that is published in June.

Employees could get a merit increase based upon performance if there are adequate funds in the budget.

We have delayed the purchase of vehicles or other capital items to give the employees the pay that reflects their job value within the job market. In the upcoming budgets or if the city receives an increase in revenue these items will be needed.

In conclusion, the mission of this budget is to produce an accurate statement of the intent and use of City monies in fiscal year 20014/2015. This budget is a user friendly document that can be utilized as a tool by the City Council, City Staff and the Citizens of Gun Barrel City.

Sincerely,

Gerry Boren, CPM
City Manager
