August 30, 2015

Mayor Dennis Baade  
City Council Members  
Gun Barrel City, Texas

Honorable Mayor and City Council,

I am pleased to present the Fiscal Year 2015-16 budget for your review. The budget is a means of presenting overall plans for accomplishing municipal objectives during the upcoming year. The expense and appropriation levels that are ultimately approved will act as a control on overall spending for City programs, services and projects. The budget includes the probable cost of the various programs, policies and projects to be carried forth by the City during FY 2015-2016.

The budget is presented after long hours of study and review by the City Council, Department Heads and management staff. Our basic approach in preparing this budget was to maintain levels of service and make improvements where possible. The City continues to maintain an unrestricted reserve fund greater than 90 days.

The local economy, and the aftermath of a prolonged drought, impacts this budget. As a result, this budget attempts to maintain current service levels and provide improvements where possible. Several small capital projects are included that were identified from the strategic planning session. As this budget was prepared, a look forward was taken in order to insure the proposed programs and services are sustainable.

## **Goals and Strategies**

The City Council held a FY 2016 Planning Session on July 20<sup>th</sup> and 21<sup>st</sup> of 2015 Operational Goals for the next 12 Months and 3 – 5 year Strategic Goals. These goals were prioritized after a many hours of discussion and indentified needs for Gun Barrel City. The identified needs were prioritized and ranked by the top three for FY 2016 and the top five for the strategic level goals. The City Council's decisions are listed below:

## **Accomplishments:**

The following is a list of the City's accomplishments over the past year. It is evident from this list that the City goals and strategies can work as the framework for identifying targets for action and establishing plans for the future.

The grant was for \$275,000 and the city matched \$58,000. This total amount of money spent for this project was \$299,487 for 2.3 lane miles of roads.

### **Budget Overview**

**The evolution of the City's budget centers around the goals and strategies listed above while at the same time dealing with current economic realities. From this information the City Council directed staff to:**

- **Maintain or improve the current levels of service and strive to exceed the citizens and businesses' expectations**
- **Identify the equipment needs so that the above expectations can be met.**
- **Continue to develop financial policies that guide future decision makers**
- **Continue to provide the tools necessary for employees to safely do the job.**
- **Continue to improve appearance of the City through increased code enforcement and education efforts.**
- **Maintain the City's financial unrestricted reserves to enhance overall financial stability.**

**All of these short term objectives are consistent with the City's goal of managing diversified growth while continually providing quality services and adequate infrastructure to the community.**

**Revenues for the FY 2015-2016 budget are estimated by evaluating the current state of the economy, identifying trends in different revenue sources and using sales tax estimates from MuniServices. MuniServices is a service which the city contracts to monitor the sales tax revenue for the City of Gun Barrel City.**

### Highlights

- Ad valorem property taxes for Gun Barrel City remain at Zero.
- All current service levels are maintained or expanded for FY 2015-16
- The City will replace equipment in the Fire Department, Police Department, Park Department and Street Department.
- Begin Construction of a Fire Dept Sub-Station on Legendary Lane
- Purchase a new Class "A" Pumper and trade in out of date equipment
- Purchase three new police vehicles to replace high mileage units
- Purchase a new slope mower to replace equipment that is beyond its useful life.
- Purchase two new zero-turn mowers to replace older equipment.
- Outsource \$600,000 to improve 3.2 lane miles of streets using the Road Maintenance Sales Tax fund.
- Widen Municipal Lane 15 feet and construct N. Luther Lane to the Church Street intersection using \$399,000 of grant funds from the Texas Capital Fund.

Many of these projects are from a fund that was set up in previous years to account for a possible rebate to Lowe's. This agreement has expired which released \$554,000 to the general fund. The city utilized these funds as an opportunity to self-finance and purchase needed equipment to meet the needs of providing services to the citizens. In this budget we have appropriated \$488,031 of this fund while maintaining an acceptable reserve fund.

## Summary

While the national and regional economies are recovering, we are facing many challenges. The aging infrastructure of roads, police equipment, fire equipment and street equipment will impact future budgets, but there is hope for improvement. To this end we are partnering with the Gun Barrel City Economic Development Corporation in an aggressive approach to recruit new businesses and development. Gun Barrel City has a lot to offer and we have to make every effort to let developers know who we are and we are here to assist them. As always, we will keep a close eye on the economy and stay prepared to respond to changes as they come. We have made every effort to create a budget that will provide the services and quality of life our citizens have come to expect and will continue to seek improvements where they can be found. Furthermore, we will take a cautious approach in the coming year while at the same time intensifying our efforts to attract new businesses to Gun Barrel City working with the EDC.

The City Council and Staff have made every effort to address the existing issues with limited revenue. This budget reflects many hours of meetings with contributions from everyone.

Respectfully submitted,

Gerry Boren  
City Manager
